

ANNEX K

Construction Safety Plan — Minimum Format Template

Form: PGIA-PMM-F11

Template only. All sections must be completed in full. BACCL is responsible for ensuring all BDCA requirements are incorporated.

NOTE: This template represents the minimum acceptable content for a Construction Safety Plan at PGIA. The CEC and COO must verify current BDCA requirements at the time of each project and add any additional elements required. The plan must be reviewed and accepted by BDCA before work commences.

1. PROJECT TITLE:	
2. Project Location on Aerodrome:	
3. Project Description:	
4. Contractor Name and Contact:	
5. Contractor Site Safety Officer Name and Contact:	
6. CEC Name and Contact:	
7. COO Name and Contact:	
8. OM Name and Contact:	
9. BDCA Submission Date:	
10. BDCA Acceptance Date:	

SECTION A — OPERATIONAL IMPACT ASSESSMENT:

(Describe all aerodrome areas affected; closures required; changes to declared distances; impact on RFF; impact on navigation aids or lighting.)

SECTION B — PHASED CONSTRUCTION SCHEDULE:

(List all project phases with start and end dates; identify which aerodrome areas are affected in each phase.)

SECTION C — CONSTRUCTION AREA DEMARCATION PLAN:

(Attach drawing. Describe cone/barricade type, spacing, and lighting. Confirm all elements are frangible.)

SECTION D — TEMPORARY MARKINGS PLAN:

(Attach drawing. Confirm markings comply with BCAR-14. List all permanent markings to be removed/covered and their temporary replacements.)

SECTION E — TEMPORARY SIGNS PLAN (if applicable):

(Attach drawing. Confirm signs comply with BCAR-14)

SECTION F — TEMPORARY LIGHTING PLAN (if applicable):

(Attach drawing. Confirm compliance with BCAR-14 and Annex 2-2. EEC involvement confirmed: Yes ☐
No ☐)

SECTION G — NOTAM PLAN:

(List all NOTAMs required; draft text for each; responsible party; timing relative to construction phases.)

**AERODROME OPERATIONS MANUAL
PHILIP S.W. GOLDSON INTERNATIONAL AIRPORT**

ANNEX 1-1
PGIA 16-14

SECTION H — FOD PREVENTION AND CONTROL PROCEDURES:

SECTION I — VEHICLE AND EQUIPMENT MANAGEMENT:

SECTION J — EMERGENCY PROCEDURES DURING CONSTRUCTION:

SECTION K — WEATHER / SEASONAL CONTINGENCY PLAN:

(Describe procedures for rainy season; hurricane season work suspension protocol.)

SECTION L — ENVIRONMENTAL MANAGEMENT:

SECTION M — POST-CONSTRUCTION RESTORATION PLAN:

**AERODROME OPERATIONS MANUAL
PHILIP S.W. GOLDSON INTERNATIONAL AIRPORT**

ANNEX 1-1
PGIA 16-14

SECTION N — COMPLIANCE STATEMENT:

BACCL confirms that this Construction Safety Plan, and all works described herein, shall be conducted in full compliance with BCAR-139, BCAR-14, and all other applicable Belize civil aviation regulations and BDCA requirements, throughout all phases of the project.
